

On August 18 of the current year, an introductory tour to Sarpi Customs, Adlia Customs Clearance Zone and Batumi Justice House for businessmen and public servants was organized by the Ministry of Finance and Economy of Ajara. Tour participants including the member companies' representatives of International Investors Association of Georgia got acquainted with the procedures which private person or businessman must go through: clearance procedures for goods, important information regarding the registration of estate, housing, notarial documents, citizenship, passport, visa, pastille acquisition and other important issues. Theoretical seminar on the same topic was held a month ago. Seeing customs and tax procedures with their own eyes was the further practical stage.
