

On November 18, 2011 the Secretary General of International Investors Association Mr. Osman Chalishkan hosted the representatives of USAID. The main goal of the visit was carrying out the joint projects. Within the project “Manpower Training” multi-state colleges in Batumi, Tbilisi, Kutaisi and Ozurgeti will be provided with modern technologies. Besides three types of training programs is planned to be implemented in professional colleges. According to the new developed programs the colleges will be able to give long and short term trainings under business requirements. Within the program EPI will cooperate with the international company [TC]², which has the wide experience in the cooperation with Textile Industry. After the trainings the certificates will be given the listeners.
