

Sewing room is opened in “Tana”

Friday, 02 October 2015 11:27

Sewing room was opened in the rehabilitation center “Tana”. In the frames of health care program, professional tailors together with teachers of the center will study handiworks to lonely mothers during 10-15 days. The program is implementing by Ajara Health Care Ministry and Georgian International Investors Association. Rehabilitation center for persons with disabilities “Tana” was given 5 sewing machine by Initiative of BTM Textile which is member company of Association. Repair-rehabilitation works and full equipping of the center of persons with disabilities started in 2013 year by Tbilisi coordination office of “TIKA” by Initiative of IIA and on the basis of appeal of Ajara Health Care Ministry. The building of the center has been transferred by Ajara government to “Tana” for free 10 years usage. At the given stage 150 persons will get inclusive education and skill which necessary for employment.
