

Another five-star hotel "Castello Mare" meeting the international standards was opened in Adjara region. Prime Minister attended opening ceremony of Castello Mare Hotel and Wellness Resort. Giorgi Kvirikashvili visited newly opened hotel and addressed participants of the event. He hoped that 25 million USD business project will foster development of tourism industry and create new employment opportunities for local residents. "This is a completely beautiful and unique resort and recreational complex that perfectly fits in this beautiful and historic area. This complex has given particular significance to this gorgeous landscape. More than 25 million USD had been invested to build the new hotel, but this is not the end and Mr. Soso Orjonikidze has very ambitious plans concerning the development of the adjacent area. It is noteworthy that Mr. Orjonikidze earned his fortune abroad but decided to invest its large part in his home country and he continues to invest", Prime Minister indicated. The complex located in attractive region consists of 90 rooms. It also offers indoor and outdoor pools, a spa centre, restaurants, open bar on the terrace and by the coastline. The hotel also has a 200-person conference hall. Hotel accommodates fitness centre, tennis court, billiard, 4-line bowling and diving school as well as laser shooting gallery. The tourists will reach the coastline using the modern hillside tram.
