

The 3rd International Exhibition of Medical Tourism, Technology, and Equipment, ExpoMed Batumi, organized by the international exhibition company "GEONET EXPO," opened in Batumi. The opening of the exhibition was attended by the government, ministers, representatives of the diplomatic corps, chairmen of associations, and businessmen. The exhibition presents medical equipment and instruments, disposable items, diagnostic equipment, preventive and post-diagnostic therapies, IT systems, orthopedics, physiotherapy/rehabilitation, etc. The exhibition features both local and international medical and rehabilitation institutions. Simultaneously, an international medical conference and B2B meetings are being held. As well as the blood donation campaign "Donate blood, save a life." The purpose of the ExpoMed Batumi exhibition is to popularize the activities of representatives of the international and local medical fields, establish new contacts, and further cooperation.
