

On October 29 of current year transport minister of Turkish republic Binal Yildirim visited Batumi. He was greeted by Head of Autonomous Republic of Adjara Levan Varshalomidze, Governor of Artvin, General Consul of Turkey and other representatives. During the meeting was raised an issue concerning flights from Batumi to Ankara direction. It is equally important for both sides as it is often used internal flights mode in the airport. After meeting Minister of Transport crossed the border via Sarfi customs and attended the launching ceremony of Khopa-Borchkhi tunnel construction.
